Andrew, these are the slides I sent around yesterday at noon as a heads up for review. Wes Martel, the presenter, is presenting his views on Pavillion from a tribal perspective. Wes represents the Wind River Range in Wyoming but collaborated with other tribal NTC members when developing his slides. Unfortunately, Wes was not available for the NTC workgroup call yesterday. We were told on the call that if we had any burning comments on his slides to send them directly to Wes this week, and to cc Andrew Byrne (filling in for David Guest), and JoAnn Chase in AIEO.
